Hi,

The following are the momentum distributions of 6 particles.

Particles name:
pip1: first pi+, pip2: 2nd pi+; pim1: 1st pi-; pim2: 2nd pi-
kp: K+; km: K-

Four plots in one picture: momentum, theta, phi, and momentum:theta;

Plots of 1st pi+

Plots of 2nd pi+

Plots of 1st pi-

Plots of 2nd pi-

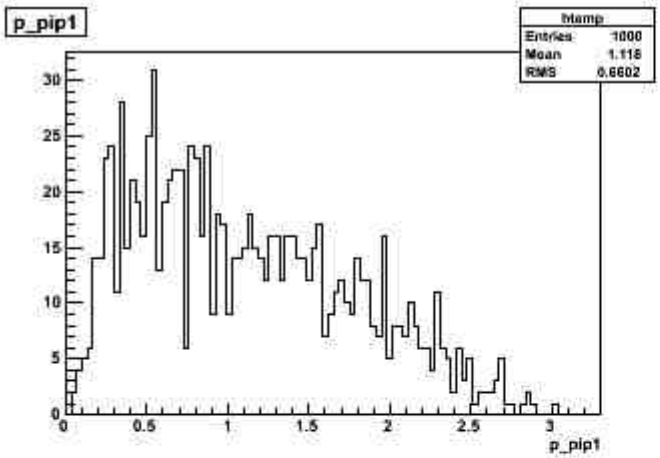

Plots of K+

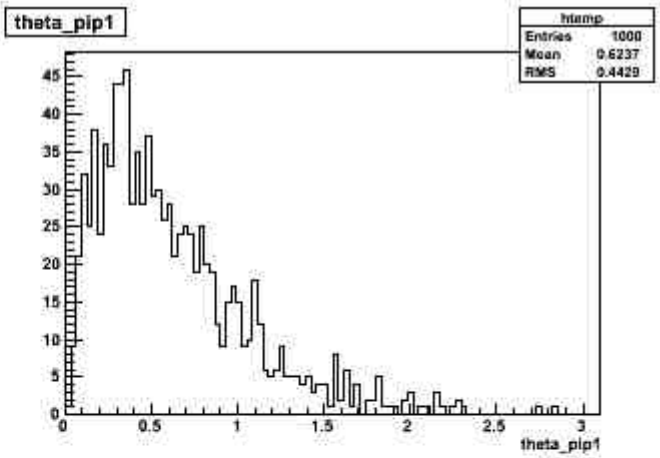

Plots of K-

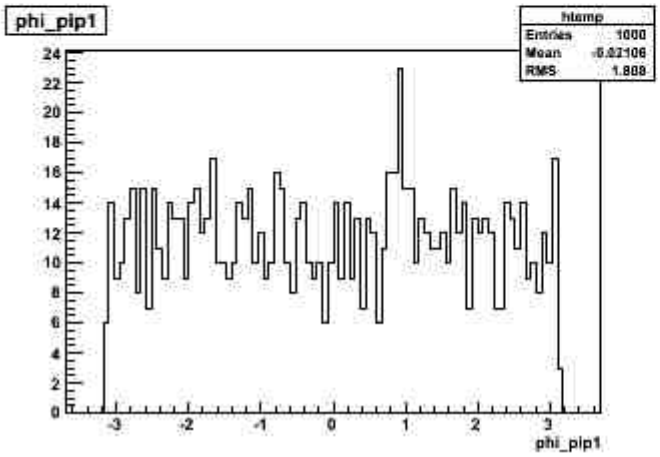

Thanks
