Subject: Name for the PANDA PWA Software Posted by Bertram Kopf on Thu, 06 May 2010 12:55:54 GMT View Forum Message <> Reply to Message

Hi,

there was one proposal for the name of our PWA software so far, namely

PAWIAN = PArtial Wave Interactive ANalysis software

Another idea which came into my mind is:

SPINOR = Spin Parity INvestigatOR

Any other suggestions?

Cheers, Bertram.
