Subject: daily doxygen - genfit missing
Posted by Anonymous Poster on Wed, 18 Aug 2010 09:39:58 GMT

Dear colleagues,

I just realized that the genfit and RKTrackRep pages are missing on the daily doxygen at
http://cbmroot.gsi.de/panda_doc/daily/html/index.html. If I just execute "doxygen
pandaDoxyfile.conf" in my trunk, everything is fine. What is different about the daily (maybe it
has to do with the svn:externals properties)? How can we fix this? I think this documentation
should be available to panda users.

Cheers, Christian
