Subject: Re: Out of memory problem in EmcPoint - FairLink! Posted by Tobias Stockmanns on Tue, 14 Sep 2010 15:02:51 GMT View Forum Message <> Reply to Message

Hi all,

I try to figure out where the problem is. Unfortunately I do not see a potential problem in the code. I do not use pointers and I do not use any "new" in the code.

Maybe it is a problem with std::set I use as container to store the data. I will check if I can replace it with either std::vector or a root class.

Cheers,

Tobias
