Hi Felix,

turning off GEANE, i.e. commenting the line

```
tpcSPR->useGeane(); // use RKTrackrep and GeaneTrackrep
```

I have the same error which Stefano reported:

```
-----  
  
*** Number of clusters in track: 10 ***  
starting fit  
Calling processTrack  
starting track8  
GFEException thrown with excString:
