Dear all,

Our next pandaroot meeting will take place on WEDNESDAY, 14:00@EVO. Unfortunately, our usual day (Tuesday) was impossible for me and Stefano. Tentative agenda points:

- 1) General issues
- 2) User analysis (I welcome all those who do analysis to show their results/problems!)
- 3) Status & planning tracking software
 - reconstruction software (Felix, Gianluigi, Lia, ...)
 - analysis coding (framework template, fitting, ...) (Klaus)
 - GRID issues (production, analysis, wishes,...)
 - overall planning

4) A.O.B.

Greets,

j.
