Subject: Re: Changes in PndTpcRiemannTrackingTask Posted by Dima Melnychuk on Wed, 27 Jul 2011 10:00:40 GMT View Forum Message <> Reply to Message

Hi Johannes,

I've redone the eta_c reconstruction with updated code but still without updated padplane file.

And results are worse then before.

Page 1 of 1 ---- Generated from

Using ideal pid in PndTpcRiemannTrackingTask I still have as before 0 reconstructed eta_c with 1000 events statistics.

But using kaon hypothesis efficiency decreased from 8.3% to 3.7%.

GSI Forum

So I hope it is related to wrong padplane file and I will rerun digitiation/reconstruction now.

Dima
