Subject: Re: Update on eta\_c reconstruction with STT and TPC Posted by Elisa Fioravanti on Wed, 27 Jul 2011 13:27:22 GMT View Forum Message <> Reply to Message

Hello everybody,

I would like to say that I'm running, for pi+pi- analysis, the reconstruction macro for the TPC, available into svn (update of pandaroot done this morning), (macro/run/tdrct/npipi/run\_reco\_tpc\_evt.C)

and I have al lot of this message:

in line: 305 in file: /home/fioravanti/fairsoft/pandaroot/GenfitTools/trackrep/GeaneTrackRep/G eaneTrackRep.cxx with fatal flag 0 GFException thrown with excString: GEANE propagation failed

best, Elisa
