Subject: Re: August11 release... Posted by StefanoSpataro on Thu, 25 Aug 2011 19:21:41 GMT View Forum Message <> Reply to Message

New Ilbar runs for TPC were just sent, with the new august11 and with minimum number of mvd/gem hits set to 0, as requested by TPC experts. Also new STT Ilbar runs were sent, with july110 (new geometry) and storing all the output files as requested by Lia.
