---

hi,

I am running the Eta\_c simulation, with the present (29 sep 11) trunk version of the code.

I use :

```
pandaroot/macro/run/tdrct/eta_c/run_sim_stt_evt.C
```

at everything is good.

Then I run

```
pandaroot/macro/run/tdrct/eta_c/run_digi_stt_evt.C
```

and I get the messages below. After that the reconstruction never finds any event.

Please experts (Mohammad ? Tobias ?) comment.

Thanks in advance Gianluigi
