Subject: Re: New pandaroot release july12 Posted by Mamen on Thu, 19 Jul 2012 09:41:17 GMT View Forum Message <> Reply to Message

As far as I understood yesterday, the version suggested by Mohammad is for leopard, and what I have is snow-leopard...

I can try to install this one too... but does it really make sense? Or am I wrong and this is really the proper version for snow-leopard?

Cheers, Mamen
