
Subject: About run time of new reco macro

Posted by [Ajay Kumar](#) on Tue, 16 Oct 2012 14:23:39 GMT

[View Forum Message](#) <> [Reply to Message](#)

Hi..all

I have done simulation and digitization by taking lambda-lambdabar chennal for 10^5 events. Both the process taking 24 hours and 16 hours respectively. Now I have proceed for reconstruction, somehow it is taking very long time. already two days are gone, still it is on event no. 1035.

Is it happening in my case only or essencially it will take more time?

The output on the terminal looks like as:-

```

Also I have attached my reco macro here.
 Plz suggest me.

Thanks & Regards
