Subject: Re: STT and FTS libs: functions are missing in source files Posted by Lia Lavezzi on Wed, 17 Oct 2012 15:06:56 GMT View Forum Message <> Reply to Message

Hi Anastasia,

the STT part should be fixed. Please update to the latest trunk/stt and try the compilation again: the errors connected to PndSttHelixTrackFitter and PndGeoSttPar should be gone. If not, please let me know!

Cheers, Lia.
