Subject: Re: error after svn update
Posted by Florian Uhlig on Wed, 19 Dec 2012 12:48:00 GMT

Hi,
I don't see the problem on my Mac system (Mac OS X 10.6.8, gcc 4.2.1 from the system).

How did you install the different version of gcc on your system? Maybe the compilere is more strict then the old one.

Ciao

Florian
