Dear all,
next meeting will be on Tuesday 29th january at 15:00.
With the new SeeVogh we have introduced a password (the usual panda password).

Here you are the preliminary agenda:

1) General item

2) Open bugs&forum problems

3) Status report from sub-coordinators:

* (G. Boca) Tracking
* (S. Spataro) Particle Identification
* (K. Goetzen) Analysis tool
* (D. Melnichuk) EMC
* (R. Karabowicz) GRID
* (P. Buehler) Production management
* (Paola? Klaus?) Analysis activities

Here the link to the workpackages wiki page.

4) A.O.B.

You can find the minutes page here, so that you can upload your presentations there.
