fixed. Corrected version in trunk repository

Gianluigi

Garzia Isabella wrote on Wed, 03 April 2013 11:00Hi all,
I updated my pandaroot environment (svn update) and I found the following error:
...
...
[54%] Generating PndTrackingDict.cxx, PndTrackingDict.h
Scanning dependencies of target Tracking
[54%] Building CXX object tracking/CMakeFiles/Tracking.dir/PndTrkLegendreFits.cxx.o
[54%] Building CXX object tracking/CMakeFiles/Tracking.dir/PndTrkTracking.cxx.o
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx: In member function 'void
PndTrkTracking::Initialization_ClassVariables()':
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx:308:15: error:
'fnParContigue' was not declared in this scope
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx:311:15: error:
'fListParContiguous' was not declared in this scope
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx: In member function 'virtual
InitStatus PndTrkTracking::Init()':
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx:617:2: error:
'fnParContigue' was not declared in this scope
/home/garzia/sep12/pandaroot/tracking/PndTrkTracking.cxx:618:2: error:
'fListParContiguous' was not declared in this scope
make[2]: *** [tracking/CMakeFiles/Tracking.dir/PndTrkTracking.cxx.o] Error 1
make[1]: *** [tracking/CMakeFiles/Tracking.dir/all] Error 2
make: *** [all] Error 2

I had a look int he code and seems that "fnParContigue" and "fListParContiguous" are not
defined (in PndTrkTracking.h).
Can somebody fix it?

Thanks in advance,

Isabella
