Subject: Re: Not set McMotherIdx
Posted by Andreas Pitka on Tue, 14 May 2013 18:00:06 GMT

I was using the PndEvtGenDirect with evtGen->SetStoreTree(kTRUE).

Its reproducable via:

theAnalysis->FillList(MC_Truth,"McTruth");

for (int j=0;j<MC_Truth.GetLength();j++)
  cout<<MC_Truth[j].GetMcMotherIdx()<<endl;

It would be nice if its set, since PndMcTruthMatch uses the MotherIdx a lot.
