Subject: [FIXED] method missing in RhoCandidate Posted by Anastasia Karavdina on Wed, 19 Jun 2013 11:48:11 GMT View Forum Message <> Reply to Message

Hi!

I tried to compile macro/Imd and got following error:

../../lib/libRho.so.0.0.0: undefined reference to `RhoCandidate::Daughter(int) const'

My guess this method is missing in cxx file. Can expert check it, please?

To reproduce this, please, add following line in \$PANDAROOT/macro/CMakeLists.txt:

add\_subdirectory(Imd)

Best regards, Anastasia.
