Subject: Re: method missing in RhoCandidate Posted by Ralf Kliemt on Wed, 19 Jun 2013 13:52:37 GMT View Forum Message <> Reply to Message

Hi.

I also updated how RhoCandidate is used. Now it's pointers only! Since your macro/Imd is not compiled by default I did not notice that there will be changes necessary.

I'll postpone fixing that to tomorrow as I'm not in the office (and therefore lack the comfortable development tools).

Cheers. Ralf
