I would prefere to fix PndTrkTracking also. I sent a private message to Martin asking to send me the logfile of the error
but he hasn't answered yet.
Maybe you can send me yours?
Thanks
Gianluigi

Stefano Spataro wrote on Thu, 22 August 2013 17:29Much better now, thanks.
I can still see the MCTrackAssociator errors in PndTracking. Do you plan to fix them, or we will use definitely PndTracking2?
