Dear Florian,

After accessing pro.hpc.gsi.de, I tried to make a link with fairroot.gsi.de/panda but there are nothing from my login session.

Quote:

```
dkang@lxsub17:~$ cd /cvmfs/  
dkang@lxsub17:/cvmfs$ ll  
total 0  
dkang@lxsub17:/cvmfs$
```

For icarus case, I can find pandaroot under /cvmfs/ as you explained.

Best wishes,
Donghee
