Hi,

I am trying to add a new detector, I have written the CMakeLists.txt and also the detector class for simulation. At the time of compilation this is giving the error give.

```
[ 89%] Built target libTrackingQA.rootmap
```

```
[ 89%] Generating G__LmbdDict.cxx
```

```
Error: cannot open file "ImbdMC/PndLmbdDetector.h" :0:
```

```
!!!Removing /home/shyam/buildpanda/Imbd/G__LmbdDict.cxx
```

```
/home/shyam/buildpanda/Imbd/G__LmbdDict.h !!!
```

```
Error: /home/shyam/fairbuild/bin/rootcint: error loading headers...
```

```
make[2]: *** [Imbd/G__LmbdDict.cxx] Error 1
```

```
make[1]: *** [Imbd/CMakeFiles/Lmbd.dir/all] Error 2
```

```
make: *** [all] Error 2
```
