hi,
 While running the simulation and analysis file i am getting the following error.Iwanted to know
the reason of getting this error & how to solve it?
1.error in filllist
2. pdg code not found in database in a red blinking line while program is running
3.could not convert genfit track to pnd track and no convergence after 21 steps
this r the error which i get while running the simulation file for all decay of x(3872)
