Subject: Re: Regarding digitization of start detector of diamond Posted by Shyam Kumar on Thu, 27 Mar 2014 16:56:46 GMT View Forum Message <> Reply to Message

Hi Tobias,

Thank you for reply, I will change the anchor point for small trapezoid according to their size and rescale the all other parameters on the basis of Mvd large trapezoid sensors. I think these parameters (small sensors) can also be used in the digitization of lambda disk.

Shyam
