Hi Donghee,

exactly. The structure of my macro looks like

```
...
PndFastSim* fastSim = new PndFastSim(false);
// ... lots of stuff
fRun->AddTask(fastSim);
PndScrubAnaTask *scrubTask = new PndScrubAnaTask(pbarmom, outfile);
fRun->AddTask(scrubTask);
fRun->Init();
fRun->Run(nEvents);
...
```

Best,  
Klaus
