Subject: Re: new FTF generator in pandaroot Posted by Anastasia Karavdina on Wed, 17 Sep 2014 18:03:35 GMT View Forum Message <> Reply to Message

Dear Aida,

Thank you very much for quick reply and fix of the problem in the code.

Solution for "inelastic only" didn't work for me, because empty particles branches were still written in the TTree and PANDAroot could not handle them. Therefore I added flag for filling tree with inleastic events only.

This seems to be working

Best regards, Anastasia.
