Hi Mohammad,

git status gives '# On branch v-14.11'. Like written in Wiki I checked out with

```
git clone https://github.com/FairRootGroup/FairRoot.git
cd FairRoot
git checkout -b v-14.11 v-14.11
```

After the 'git checkout' I didn't happen much, only one line was printed - I basically don't know git at all, so perhaps I forgot something...

Best,
Klaus
