Subject: MC generation in Rho class Posted by kamalpdutta on Wed, 18 Mar 2015 07:20:11 GMT View Forum Message <> Reply to Message

Dear All,

While generating MC events I am getting the following message,

-W FairPrimaryGenerator: PDG code 30443 not found in database. This warning can be savely ignored.

Is it showing any error ? Can someone please let me know why this message is comming for each of the event ?

Thank you

Kamal Dutta
