Subject: Re: AGATA Crystal positions (Look-Up Table) Posted by thuyuk on Wed, 25 Mar 2015 17:50:27 GMT View Forum Message <> Reply to Message

Hi Oliver,

According to the drawings in this post, the rotation is most likely 7.8 degrees.

cheers, tayfun

edit:

sorry! I'm wrong. 7.8 degrees of rotation is introduced to the Legnaro configuration from the original configuration of the array. Please ignore my message.
