You can not compile R3BRoot with a config file of FairRoot. Also what you add to bashrc is not really necessary. Configuration will be stored in config.sh of R3BRoot at the end.

Please go carefully step-by-step through installation instructions:

<https://www.r3broot.gsi.de/fairroot-installation>

<https://www.r3broot.gsi.de/r3broot-installation>

Cheers,
Dima
