I can confirm the compilation failure for two items:

1) PndMdtlGeometry.h: the structs are private
PndMdtParamDigi.h: the structs are private

Solved by making the structs public

2) PndRichRecoTask.cxx: #include <db_cxx.h> not found
Fixed in rev 28892

System: Fedora 23
Compiler: gcc 5.3.1
FairSoft: nov15
FairRoot: 15.11a
root: 5.34/34

The Log is attached.
