Subject: Re: Computing session next collaboration meeting in Mainz Posted by Dominik Steinschaden on Thu, 25 Aug 2016 08:17:02 GMT View Forum Message <> Reply to Message

Dear Stefano,

I want to show results about t0 reconstruction using relative time of flight, and maybe show the final results like separation power for the standard TOF PID using SciTil.

Titel will be something like: "Relative time of flight and PID with SciTil"

Since there is an overlap of the first computing session and the SciTil session, I will be present only in the second part.

regards Dominik
