HGS-HIRe SUMMER STUDENT PROGRAM at GSI/FAIR

July 24 - Sep. 14, 2017

<http://hgs-hire.de/summer-program>

Dear Colleagues,

It is our pleasure to inform you, that also next summer our research center will organize an International Summer Student Program together with our Helmholtz Graduate School HGS-HIRe. The Summer Program is offered to students on the advanced undergraduate level (Bachelor, Master or Diploma) in physics and related natural science and engineering disciplines from Europe and GSI/FAIR partner countries. The majority of the offered projects will concern investigations and preparations towards our future project FAIR and its scientific experiments.

It would be nice, if you can bring this option to the attention of qualified students in lectures and seminars, etc. or privately or indirectly by informing your colleagues and collaboration members.

Further information for applicants can be found on this link

<http://hgs-hire.de/summer-program>

Applications and recommendations must reach us before FEBRUARY 15.

In the name of the organizers,

with many thanks and best regards,

Jörn Knoll
