Dear PandaRoot developers,

I have started to work again with the PandaRootWorkPackages and I would like to use it in the future to steer more the developments on PandaRoot.

Therefore I would like to ask you to have a look at the website:

<https://panda-wiki.gsi.de/foswiki/bin/view/Computing/PandaRootWorkPackag es>

and add the things you are working at as a new (or modify an existing) work package till the next EVO meeting at January 16.

Cheers,

Tobias
