Subject: Ideal Pattern Recognition Posted by NazilaDivani on Mon, 22 May 2017 14:15:07 GMT View Forum Message <> Reply to Message

Dear all

As I understood "PndBarrelTrackFinder" is one of the Realistic pattern recognition for track finding class in the PandaRoot which is useful for the GEM. Is there any possibility to use it as the Idealistic pattern recognition too?

I mean like "PndSttMvdGemTracking" class for the realistic pattern recognition and "PndSttMvdGemTrackingIdeal" class for Idealistic pattern recognition. May somebody guide me?

Thanks in advance, Nazila
