Dear Ralf,

Thank you! It started to work when I commented the lines 48/49 and replaced  
fRun->SetGenerator(primGen); to fRun->SetGenerator(pythiaGen);  
and commented also the line primGen->AddGenerator(pythiaGen);

But then I faced the problems with the further usage - tut\_aod.C. I have to think about this and  
shall report it later.

Cheers,  
Anna
