Dear PandaRooters,

our next online meeting will be at Thursday, 23.5.2019 at 10:00.
One important topic is the discussion about the EMC software. Therefore I ask all groups
working on EMC software to give a short overview about their activities and plans. Please send
me a title and the needed time for the presentation.

The agenda is:

- New features in PandaRoot/dev
- Open issues
- Discussion on EMC software
- Migration to new GitLab instance at GSI
- AOB

If you want to discuss something please reply to this forum message.

Cheers,

Tobias
