Hi,

This is a know issue in dev (<https://github.com/FairRootGroup/FairMQ/pull/172>), please use FairSoft master or the new release from last week. We will correct it very soon.

Quote:

How and where should I report this bug? Is there a bug reporting service used in FairRoot/FairSoft development?

you can use the issues in GitHub:

<https://github.com/FairRootGroup/FairSoft/issues>

best,

Mohammad
