Hello,

you can find the proposal for the Mission Statement of the FAIR Control Advisory Board in our wiki-web: <http://wiki.gsi.de/cgi-bin/view/FAIRcontrols/MissionStatement>. The discussion was started during the FAIR Controls meeting on December 1, 2005, <http://wiki.gsi.de/cgi-bin/view/FAIRcontrols/MeetingDec012005>.

We would like you to contribute to the mission statement in this forum.

Regards Holger
