Subject: Virtual Room Videoconferencing System Posted by Brand on Mon, 19 Dec 2005 08:45:40 GMT View Forum Message <> Reply to Message

## Hi,

VRVS is a Virtual Room Videoconferencing System, http://www.vrvs.org/index.php.

It is already in use in the HEP and GRID community. May we can adopt this system for the FAIR activities as well.

**Regards Holger**
