Subject: removing old G4 installations
Posted by Kilian Schwarz on Tue, 01 Aug 2006 07:44:47 GMT

Dear Geant4 users,

due to a serious lack of disk spaced I was asked to remove some old G4 installations located on /u/gsisim for gcc295-04.
Therefore the question:
does anybody still have need for the installations:

/u/gsisim/simulation/geant4.5.0.p01/lib/Linux-g++/
/u/gsisim/simulation/geant4.5.0/lib/Linux-g++/

???

Cheers,

Kilian
