Geant4.8.0 and Geant4.8.1 have been installed at GSI.
Currently only the environment Debian3.0 and gcc323.00 is supported. The installation for Debian Sarge will follow, soon.

Please initialise the new Geant4 versions by

- from a Debian3.0 machine:
- . gcc32login
- . gsisimlogin g4.8.0 or . gsisimlogin g4.8.1

supported visualisation packages are:

- Dawn
- David
- OpenGL
- Wired

Cheers,

Kilian
