Subject: Re: removing old G4 installations Posted by Kilian Schwarz on Mon, 21 Aug 2006 08:15:51 GMT View Forum Message <> Reply to Message

Dear Geant4 users,

I am forced to remove more old G4 versions due to a serious lack of disk space.

I suggest to remove version /u/gsisim/simulation/geant4.5.2 for the compiler version gcc295-04.

Is someone still using this G4-version in production?

If I receive no complain I will delete this version on Monday, August 28, 2006.

Cheers,

Kilian
