Hi!

linking evt gen following the instructions in the wiki and in the readme I get the following error:

```
afs/e18/sw/cern/pro/lib//libpacklib-shift.a(cfclose.o)(.text+0xe): In function `cfclose_':  
: undefined reference to `rfio_close'  
/afs/e18/sw/cern/pro/lib//libpacklib-shift.a(cfget.o)(.text+0x32): In function `cfget_':  
: undefined reference to `rfio_read'  
/afs/e18/sw/cern/pro/lib//libpacklib-shift.a(cfget.o)(.text+0x61): In function `cfget_':  
: undefined reference to `serrno'  
/afs/e18/sw/cern/pro/lib//libpacklib-shift.a(cfget.o)(.text+0x6a): In function `cfget_':  
: undefined reference to `rfio_errno'  
/afs/e18/sw/cern/pro/lib//libpacklib-shift.a(cfget.o)(.text+0x84): In function `cfget_':  
: undefined reference to `rfio_perror'  
/afs/e18/sw/cern/pro/lib//libpacklib-shift.a(cfput.o)(.text+0x2d): In function `cfput_':  
: undefined reference to `rfio_write'  
/afs/e18/sw/cern/pro/lib//libpacklib-shift.a(cfput.o)(.text+0x39): In function `cfput_':  
: un
```

and so on. I get the same error if I do use the non-shift version of libpacklib

Any Idea?

Sebastian.
