Hi all!

Due to Denis Bertini the problem is solved now.

The trouble was in the proper order of the loading library.

It is working now with the following order:

(-ISts -IGen -IRich -ITrd -ITof -IMvd -IGlobal -IKF -IDilept -IMuch -IBase -IField -IMCStack  
-IPassive -IGeoBase -IParBase)

Regards,

Konstantin
