Subject: Re: CbmTrackPar bug? Posted by Ralf Kliemt on Wed, 18 Jul 2007 16:01:31 GMT View Forum Message <> Reply to Message

Ciao Andrea,

I noticed that your update of the trackbase package contains a new class CbmGeaneUtil. However its compilation call in the CMakeLists.txt is missing (you updated only the Makefile.am and the TrackBaseLingDef.h). It compiles with cmake, but this class is missing, which will cause some problems at runtime.

Kind regards, Ralf.
