Subject: Re: Stuck with a segfault in mvd reco Posted by Ralf Kliemt on Mon, 13 Aug 2007 14:36:23 GMT View Forum Message <> Reply to Message

MvdCluster\* clust = new ((\*fClusterOutputArray)[size++]) MvdCluster(\*\*it); delete \*it; That did it! I could even put back the std::string object and it is stored.

Thanks for your support.

Cheers, Ralf.
