Subject: Re: removing old G4 installations Posted by Kilian Schwarz on Mon, 12 Nov 2007 08:48:00 GMT View Forum Message <> Reply to Message

Dear Geant4 users,

due to the still existing lack of disk space in the user space and since Debian Woody is not heavily in use anymore at GSI I would like to remove one more old G4 version, if possible. I suggest to remove: geant4.6.0 for Debian3.0 (Woody) and compiler gcc295-04 located at: /u/gsisim/simulation In case nobody complains up to 1 week from now this installation will be removed.

Cheers,

Kilian
