supporters, enthusiasts, and others.

It is time for

https://subversion.gsi.de/fairroot/release/pandaroot/2_0_0

As a starting point, Mohammad copied

If you think, rev 1925 is good for your detector,
then you don't have to do anything.

If your preferred stable version is another revision,
then please check in those respective revision.

This list of persons with write access is as we agreed upon
(only one person per detector).
