Dear all,

this week there will be no PandaRoot meeting  
(although it has been 2 weeks since the KVI workshop).

The next EVO meetings will be on

Wednesday, 13.02., 14:00

Wednesday, 27.02., 14:00

The reasons are

- a.) to keep it alternating with the Computing Model Meetings and
- b.) avoid conflict with the MVD meeting and
- c.) a teaching conflict (only this week).

For the next meeting we plan to put a discussion focus on both tracking and PID.

cheers, Soeren
